FLORIDIANS' CLEAN WATER
DECLARATION

In recognition that:

Clean water is essential for healthy
people and a healthy economy.

Florida water quality and quantity are
inseparably linked.

Florida waters are held in public trust
by the State of Florida for the benefit
of its people and the maintenance of
natural ecosystems.

We the undersigned hereby declare:

The people of Florida have an
inalienable right to:

1. Clean drinking water whether that
water is drawn from public sources or
private wells.
2. Safe lakes, streams, springs, rivers,

Meet at the TGI Fridays parking area in the Winn-Dixie shopping Plaza.

2nd Annual Everglades Action Day

April 7 & 8, 2014

Tallahassee, FL

The Everglades Coalition is planning the 2nd Annual Everglades Day, and we want you to be a part of it! Mark your calendars for April 7th and 8th for a trip up to Tallahassee to speak with your legislators about how to protect this incredible ecosystem.

canals and coastal waters for swimming and fishing.

3. Protection from water pollution and its effects.
4. Know the sources of pollution that threaten Florida's waters.
5. Protection from water privatization and its effects.
6. Abundant water for drinking, fishing and recreation.

The people of Florida, the state government, and the industries that benefit from Florida's natural resources have the responsibility to:

1. Stop pollution at its source rather than allowing it to enter our waters.
2. Protect Florida's waters, as well as the people who depend on them, from overconsumption and privatization.
3. Protect the natural environment which is critical to the health of Florida's people, wildlife and economy.
4. Provide clean water for future generations.

By signing this declaration, we agree to its principles and resolve to work together in good faith to ensure that the future of our waters will be driven by the concepts contained within this FLORIDIANS' CLEAN WATER DECLARATION.
