

REEF RELIEF

Match the description to the species name, then color it in!

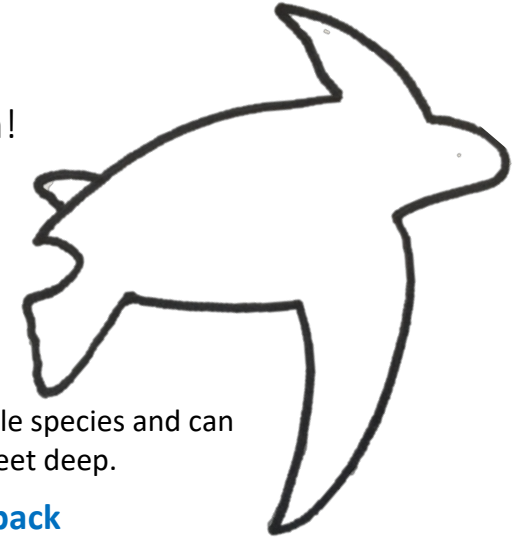

I am only found in Australia.

Australian Flatback

I eat so much sea grass, my inside fat turns green

Green Sea Turtle

I am the largest sea turtle species and can dive to 3,000 feet deep.

Leatherback

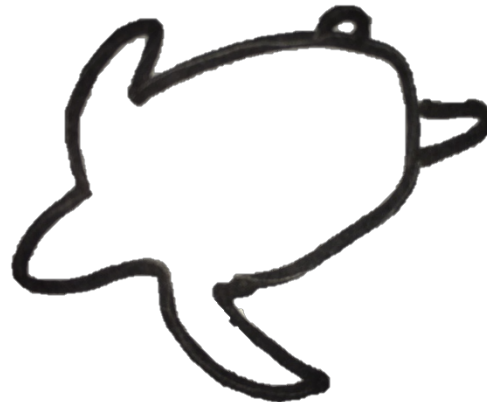

I am named this because of my bird-like beak.

Hawksbill

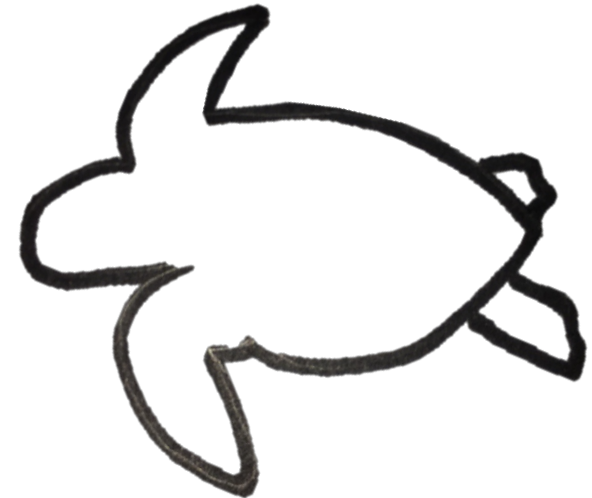

I am often called the "ghost turtle".

Kemp's Ridley

Once a year I nest in a large group called an arribada.

Olive Ridley

I have a very large head; my jaws can crush hard things.

Loggerhead

**Word Bank: Kemp's Ridley Green
Loggerhead Hawksbill Leatherback
Olive Ridley Flatback**
